Re: United States v. Ramon Antonio Morel
07 Cr.1000(NRB)

Your Honor:

We respectfully request that sentence due to be imposed today, April 28, 2008, be adjourned to 11:00a.m., May 13, 2008 - *etwoni*.
a date and time suggested by your Honor's chambers. I have sought the government's consent from John P. Cronan, Esq., AUSA, *SD*, tel. 212 637-2779 and Todd W. Blanche, Esq., AUSA 212 637-2494 by *Ordered* voice-mail but haven't yet heard back. *James*

I am still hoping that certain records potentially relevant *Reeve* to sentence might finally be located and produced by Mr. Morel's family by then and I need to prepare a sentencing submission. I propose to proceed the next time whether or not these records *Bureau* which I have requested from the family for months have been *4/28/08* produced.

I apologize for this second last minute application and do not believe that it will prejudice incarcerated Mr. Morel since the Probation Department-estimated guidelines range is 30-37 months, the government's Pimentel letter estimates 24-30 and our client will have been in custody about 7 months by the April 28 proposed date.

Respectfully,

Roland Thau
Staff Attorney
